Dear Ricardo,

>> One thing that I do not find in the Web site is the exact location of the school at the university (or I am missing it).

Many thanks for your remark. I've changed the icon for ESSIR lecture hall on the map, now it appears like a central meeting point. The main lecture hall of ESSIR will be the building E on the campus (<http://flic.kr/p/9nLm6o>). It is situated pretty close to the campus entrances, passing without noticing almost impossible. The campus in Koblenz is not quite extensive, one needs less than 10 min to reach any corner.

For better orientation, we've prepared another Google Map with some custom infos for ESSIR lecturers - including a recommended pathway from lecturer hotel to ESSIR venue. Important items contain links to corresponding photo views on Flickr.

Kind regards
Sergej

Subject: ESSIR 2011 - welcome to Koblenz
From: "Sergej Sizov" <sizov@uni-koblenz.de>
Date: Sat, August 27, 2011 13:00
To: vladimir.batagelj@fmf.uni-lj.si

Dear Vladimir Batagelj,

Many thanks again for your support of ESSIR 2011, and welcome to Koblenz. This last-minute email summarizes relevant issues for your stay with ESSIR 2011 next week.

- On the day of your arrival, you are welcome to join our informal get-together with School students (Sun 28 Aug 2011, starting from 19.30) in the old town of Koblenz, the pub "Gecko Lounge". This location is quite close to the central "Liebfrauen"-Church in the old city center, our ESSIR Web site contains some maps and more detailed directions. You are warmly welcome to join us for an informal drink and first conversations with other lecturers and school students.

- Your lecture "Network Theory" is scheduled for Monday, 29 Aug 2011. The lecture has one slot 16.00-17:30. The ESSIR lecture hall is located in the Building E, close to campus entrances.

- We intend to share lecture slides through Scribd in private mode (the slide viewer will be embedded into ESSIR web pages but not visible elsewhere). For this,

we would appreciate a PDF copy of your lecture slides (you can email us your slides or copy them onto our stick on site, ideally before your lecture starts :-).

- Lectures will also be video recorded and shared through videlectures.net. We will contact you on site regarding copyright forms, video recording permissions, and other technical details.

- On Tuesday 30 Aug 2011 between 16.00-17:30 there will be a plenary discussion between ESSIR students and lecturers regarding doing a good PhD in CS in general and in IR in particular. We would highly appreciate your participation in this discussion (modulo your availability after your presentation in Frankfurt at IFCS'2011, of course).

- On Wednesday 31 Aug 2011 between 16.00-18.00 there will be a poster session (with some fingerfood and drinks). Given the fact that almost the presenters are active PhD students in the field of IR, we would highly appreciate your coming and your valuable comments to presented research investigations.

- On Thursday 01 Sep 2011 afternoon there will be the main Social Event of the ESSIR
- Rhine Loreley cruise with dinner. You are warmly welcome to join this enjoyable adventure.

- Further (informal, semi-organized) social events of ESSIR will be: going to the beach StattStrand right in front of the Campus on the Moselle river on Monday, and a guided walk through the old town of Koblenz on Tuesday. You are warmly welcome to join us for this activities. This kind of actions is quite weather-dependent, so final details will be fixed on site.

- The reimbursement of your travel costs will be managed by our ESSIR helpdesk. Our secretary will contact you on site regarding necessary forms and procedures. Your hotel invoice will be sent to us directly, there is no need for hotel payment on checkout.

Further infos regarding ESSIR 2011 can be found on its Web site at:

<http://essir.uni-koblenz.de/>

Do not hesitate to contact us in case of any further questions.

looking forward to meet you in Koblenz,
Sergej Sizov & ESSIR team

Dear Professor Batagelj,

Finally a last important information:

The reception of the hotel Fährhaus am Stausee is only open until 11 p.m on Sunday.
Please let me know if you arrive later so that I can inform the hotel.
I'm very sure that there would be a solution in case of your later arrival.

Looking forward to seeing you in Koblenz.

Best regards,

Silke Werger

Dear Professor Vladimir Batagelj,

I'm Silke Werger and I'm a member of the ESSIR 2011 organization team.
Amongst others I'm busy with the travel support for the invited lecturers.

In this context I would like to suggest you the hotel Fährhaus am Stausee
<http://www.faeherhaus-am-stausee.de/en/index-en.html>
for your stay in Koblenz.

May I kindly ask you if you already fixed your travel plans? I already
booked the Fährhaus
for you from August 30th until September 3rd, 2011. But of course this
can still be changed:

whether you would like to stay somewhere else or if you planed to stay
for another period.

Please allow me to point out that cause of the federal horticultural
show in Koblenz the hotels are nearly fully booked .

Please let me know if I can be of any further assistance.

Kind regards,

--

Dear Vladimir,

I checked the hotel reservation and have been informed that your room reservation in the Fährhaus am Stausee is from August 28th until September 2nd 2011. So please let me know if you agree with this hotel reservation.

Sergej Sizov will contact you soon regarding the topics in your lecture.

Kind regards,

Silke

Dear Vladimir Batagelj,

on behalf of the ESSIR'11 Organizing Committee, it is a pleasure for me to
invite you as a lecturer to the European Summer School on Information
Retrieval (ESSIR 2011). ESSIR is *the* world-wide school in Information
Retrieval, with temporal regularity founded in 1990. In 2011, ESSIR will
take place in Koblenz / Germany in the week between 29 Aug - 02 Sep.

We would highly appreciate your contribution to the thematical field of
network analysis and network theory. ESSIR will cover travel and
accommodation costs of invited lecturers. To finalize the event program, we
kindly ask you to indicate your willingness to contribute to ESSIR, and
availability for particular days asap.

Further information about ESSIR'11 venue and organization can be found at:

<http://essir.uni-koblenz.de/>

Many thanks
Sergej Sizov
ESSIR'11 General Chair
